

Descriptive Statistics: Authors, Works, Average Citations, Average Year Normalised Citations by Migration Groups

Migration group	Authors	Works	Average citations	Average year normalised citations
No migration	292 (65.47%)	587 (15.18%)	16.94	1.24
Internal migration	78 (17.49%)	646 (16.71%)	15.92	2.23
International migration	76 (17.04%)	2633 (68.11%)	35.64	2.81
Total count	446 (100%)	3866 (100%)	/	/
Total average	/	/	29.5	2.48

Notes: 1) International migration is by default a subset of internal migration. The groups are operationalised as mutually exclusive manually. 2) Time effects heavily influence the results, despite time normalisation.
